Filing Description:

We enclose, for your Department's review, a rate filing for the above referenced form that provides Comprehensive and Limited Medical Expense insurance coverage. Aetna requests your department's review and approval, as appropriate of the enclosed rate filing for AARP's Grandfathered members. We are proposing no annual rate increase applying to the renewal of existing grandfathered business on or after January 1, 2015 in the District of Columbia.

This submission includes the following:

- Cover Letter
- Actuarial Memorandum
- Exhibit A (Age/Gender Factors)
- Exhibit B (Base Rates)
- Exhibit C (Number of Dependents Assumption)
- Exhibit D (DC Rate Tables)
- Exhibit E (Experience)
- Exhibit F (Trend Support)
- Exhibit G (MLR Development)

If you have any questions regarding this filing, please do not hesitate to contact me at the address or telephone number shown above. We trust that you will find everything in order, and we look forward to your response.

Sincerely,

Xiaofang Liu
Manager, Actuarial

AETNA LIFE INSURANCE COMPANY

Actuarial Memorandum Filing #DC-2015-01-AARP-GF Policy Form GR-9N

Purpose, Scope and Effective Date

The purpose of this filing is to submit premium rates for the existing Essential Premier Health Insurance plans of Aetna Life Insurance Company for residents of the District of Columbia. The Essential Premier Plans are offered under a Group Association Trust contract with AARP Services Inc.

We are proposing no annual rate increase applying to the renewal of existing grandfathered business on or after January 1, 2015. The rates effective January 1, 2014 were previously filed and approved by the District with SERFF Filing number AETN- 129070420. There are 28 grandfathered members in force as of May, 2014 with monthly premium of \$10,092 in this program in The District.

Current Benefit Plans

Current policies provide comprehensive and limited medical expense benefits and, as applicable within each state, apply a calendar year deductible of:

- \$1,500 (Essential Premier Health Insurance PPO 1500) – Comprehensive Plan,
- \$2,500 (Essential Premier Health Insurance PPO 2500) – Comprehensive Plan,
- \$5,000 (Essential Premier Health Insurance PPO 5000) – Comprehensive Plan,
- \$3,000 (Essential Premier Health Insurance High Deductible 3000) – Comprehensive Plan,
- \$5,000 (Essential Premier Health Insurance High Deductible 5000) – Comprehensive Plan,
- \$1,250 (Essential Premier Health Insurance Preventative and Hospital 1250) – Limited Plan, and
- \$3,000 (Essential Premier Health Insurance Preventative and Hospital 3000) – Limited Plan.

All current plans, which are listed above, comply with the Federal Healthcare Reform and the Patient Protection and Affordable Care Act (HCR) mandates, as described in SERFF Filings AETN-126841694, AETN-126725759 and AETN-126737878. In addition, all benefit plans were updated for HCR mandated women's health benefits on 8/1/12 as described in SERFF Filing AETN-128614529.

Due to the implementation of the 2008 Mental Health Parity and Addiction Equity Act effective 7/1/2014, coverage of Mental Health and Substance Abuse (MHSA) benefits as applicable to Grandfathered business is expanding in states where coverage currently exists; coverage for these services must comply with federal parity requirements. Aetna has taken the position of compliance with this regulation effective 1/1/2014. These additional benefits are expected to increase medical costs by 0.5%. We are not proposing a premium increase for these additional benefits in this filing but will monitor experience and may increase future premiums if the experience warrants.

Renewability Provision

This policy is guaranteed renewable.

Applicability

Policy form GR-9N is used with existing grandfathered business.

Marketing

This product is no longer marketed and is not available for new sales in The District of Columbia. This product is only available to members of the American Association of Retired Persons (AARP) and their dependents. This product is co-branded with AARP.

Demographic Factors

There are no changes being proposed to the age/gender factors at this time. The age/gender slopes for business originally issued prior to October 1, 2010 were filed and approved under SERFF Filing AETN-126260368. The age/gender factors are included in Exhibit A.

Area Factors

There are no changes being proposed to the area factor at this time. The District of Columbia has one area with plans under one of 2 network options. The factors are listed below.

| Area | Factor |
|-------------------|--------|
| DC01 (Aexcel) | 0.982 |
| DC01 (Non-Aexcel) | 1.000 |

Premium Rate Development

The base premium rates for each of the plan designs were developed from the base premium rates of the comparable benefit plans previously filed and approved in the SERFF rate filing AETN- 129070420. These base premium rates were then adjusted for trend assumptions, age-gender factors and area factors.

Current and proposed base premium rates for existing grandfathered business are included in Exhibit B. Proposed base rates were developed by applying the proposed rate increase to the current filed and approved base rates.

An example showing the method of developing the proposed base premium rates from currently approved base premium rates is included below.

Example: Proposed Base Premium Rate Development, PPO 1500, District of Columbia

| Existing Grandfathered Business | |
|--|----------|
| Current Base Premium Rate, DC PPO 1500 | \$255.38 |
| x Proposed rate increase, DC | 1.000 |
| Proposed Base Premium Rate | \$255.38 |

Monthly premium rates for our standard risk classification are calculated by taking the product of the following: 1) Proposed Base Premium rate, found in Exhibit B, 2) the applicable Age/Gender Factors, as provided in Exhibit A, and 3) the applicable Rating Area Factor.

Example of Premium Rate Development

Example 1: 55 year old single male, PPO 1500 (\$1,500 deductible), DC Rating Area 1 with Aexcel network, Original Effective Date February 1, 2010 (grandfathered)

| | | |
|-----|------------|---|
| [1] | \$255.38 | Proposed Base Premium Rate – Existing Grandfathered, DC |
| [2] | x 2.0869 | Age/Gender Factor – PPO 1500, Existing Business |
| [3] | x 0.9820 | Area Factor (DC Rating Area 1- Aexcel) |
| | = \$523.36 | |

With rounding to the nearest dollar, a 55 year old single male would receive a rate of \$523.

Rating for Couple, Parent/Child, and Family Contracts

Premium rates for existing grandfathered business sold on our previously filed and approved age/gender/tier structure rate tables are determined consistent with the methodology filed in SERFF AETN-126841694. Exhibit C displays the number of dependents assumed at each age.

Resulting Premium Rates

A schedule of proposed rates for the District of Columbia is attached to this memorandum in Exhibit D. This schedule includes rates for grandfathered business (original effective dates prior to March 23, 2010).

Underwriting and Premium Classes

Policy forms were subjected to medical underwriting. This filing proposes no changes to the general underwriting guidelines or our currently filed premium classifications discussed in our most recent rate filings.

In summary, premiums by plan are based on attained age, gender, area, and underwriting classification. Grandfathered plans were issued at three underwriting levels. The lowest underwriting level would represent our standard level.

We have developed underwriting guidelines, which determine which underwriting classification to place prospective members. These underwriting guidelines are based on the anticipated additional cost that would be attributable to the member's known medical conditions. These additional costs are based upon the judgment of medical personnel of the likelihood and frequency of necessary treatment for the known medical conditions as well as the cost of that treatment.

The lowest underwriting level is our standard level, which is assigned a 0% rate-up. The other two levels used rate-up levels 25% and 50%.

The underwriting classification was assigned at the time the policy was issued, and will not be changed by Aetna if a member's health deteriorates after purchasing coverage.

Issue Age Limits

Policies were issued to individuals through age 64.

Rate Stabilization Fund

The Aetna Essential Premier Health Insurance program is a retrospectively rated group trust arrangement issued to AARP Services Incorporated (ASI). The products available under this program are only available to members of the American Association of Retired Persons (AARP) and their dependents. The program has a Rate Stabilization Fund (RSF). The RSF serves as a buffer to smooth fluctuations in claims experience and to help maximize rate stability. Premiums are paid into the RSF, and expenses, including health plan benefit claims, are paid out of the RSF.

Contract Reserves

These policies have a contract reserve in order to reflect the expected morbidity deterioration associated with the wear-off of medical underwriting on a block of policies. The factors used to establish this reserve are set at policy issue based upon the expected deterioration over time. The reserve for the existing Grandfathered policies as of 12/31/2013 for the District of Columbia is \$37,317. The contract reserves for Non-grandfathered policies were released at the end of 2013 since the Non-grandfathered coverage has been discontinued on 1/1/2014.

Experience

Historical experience for AARP Essential Premier Health Insurance Program for all states in the program and specifically for the District of Columbia is included in the attached Exhibit E.

The table below shows the loss ratio experience since inception for the entire AARP program grandfathered policies.

| Experience Period | Incurred Loss Ratio* |
|---------------------------|----------------------|
| 01/01/2008 - 12/31/2008 | 74.6% |
| 01/01/2009 - 12/31/2009 | 69.6% |
| 01/01/2010 - 12/31/2010 | 69.1% |
| 01/01/2011 - 12/31/2011 | 68.7% |
| 01/01/2012 - 12/31/2012 | 72.8% |
| 01/01/2013 - 12/31/2013 | 76.5% |
| 01/01/2014 - 05/31/2014** | 59.4% |

*Includes impact of Active Life Reserve

** Incurred and Paid through 5/31/2014

Medical Cost Trend

Based on the experience above, and Aetna's view on trend for 2015, we have assumed an overall medical cost trend of 12% for 2015 for the Essential Premier Health Insurance Program nationwide. The actual trend assumptions vary by state. The proposed total rate change for the District is 0%.

Exhibit F shows medical cost and utilization claim trend by category for the National AARP Program grandfathered policies.

Loss Ratio

When all factors including rebates required under the federal law are accounted for, our Medical Benefit Ratio (MBR) will meet or exceed the District of Columbia requirements for the period covered by this filing. MBR is incurred claims divided by premiums without any Federal adjustments. In addition, we expect that the projected Medical Loss Ratio (MLR) for this policy form will meet or exceed the Federal MLR standards. The AARP plans are a small non-credible block and significant experience variance from period to period would be common. Using the experience period MBR (11/2012 - 10/2013) and projecting with trend and an expectation of a normal level of large claims, the Federal MLR is reached as follows for District of Columbia.

| | | <u>MBR</u> | | <u>Assumption</u> |
|---------------------------|-------|---------------|--|-------------------|
| Experience MBR | 70.7% | <u>Impact</u> | | |
| | | 2.5% | Adjust to 2013 Expected premium | -3.4% |
| | | 12.2% | Add Normal Large Claim Experience | 11.7% |
| | | 23.7% | Assumed 12% Claim Trend for 2 years and 2 months | 12.0% |
| | | 7.7% | Closed Block Morbidity Adjustment | 7.0% |
| | | -14.2% | 2014 Premium Increase | 13.9% |
| | | 0.0% | Proposed 2015 Premium Increase | 0.0% |
| | | <u>-11.9%</u> | Estimated 2015 Contract Reserve Change | -11.6% |
| | | 19.9% | | |
| 2015 Expected MBR | 90.5% | | | |
| | | | <u>Federal MLR Adjustments</u> | |
| | | 2.6% | Quality improvements and taxes | |
| | | 3.9% | New ACA Fees | |
| 2015 Expected Federal MLR | 97.0% | | | |

Federal adjustments include those allowed for expenses to improve healthcare quality, taxes and fees, which also includes new ACA fees. For detailed MLR development of District of Columbia please see Exhibit G.

Effective Date

These changes will be effective on January 1, 2015.

Certification

I, Bruce T. Campbell, am a member of the American Academy of Actuaries and am qualified in the area of health insurance. I certify that, to the best of my knowledge and judgment, the entire rate filing is in compliance with the applicable laws of the District of Columbia and with the rules of the Department of Insurance, and complies with Actuarial Standard of Practice No. 8, "Regulatory Filings for Health Benefits, Accident and Health Insurance, and Entities Providing Health Benefits" as adopted by the Actuarial Standards Board on March 2014. I also certify that the benefits provided are reasonable in relation to the proposed premiums, not excessive and not unfairly discriminatory.

Subject: Aetna Life Insurance Company, NAIC No. 00160054
Policy Form GR-9N
Aetna Filing # DC-2015-01-AARP-GF

Dear Mr. Nkojo:

We enclose, for your Department's review, a rate filing for the above referenced form that provides Comprehensive and Limited Medical Expense insurance coverage. Aetna requests your department's review and approval, as appropriate of the enclosed rate filing for AARP's Grandfathered members. We are proposing no annual rate increase applying to the renewal of existing grandfathered business on or after January 1, 2015 in the District of Columbia.

This submission includes the following:

- Cover Letter
- Actuarial Memorandum
- Exhibit A (Age/Gender Factors)
- Exhibit B (Base Rates)
- Exhibit C (Number of Dependents Assumption)
- Exhibit D (DC Rate Tables)
- Exhibit E (Experience)
- Exhibit F (Trend Support)
- Exhibit G (MLR Development)

If you have any questions regarding this filing, please do not hesitate to contact me at the address or telephone number shown above. We trust that you will find everything in order, and we look forward to your response.

Sincerely,

A handwritten signature in black ink, appearing to be "Xiaofang Liu", written over a horizontal line.

Note:

The observed annualized paid trend from 2011 to 2013 was 12.6%, and annualized allowed trend was 11.4%. We assume 12.0% annual trend for 2015 with the consideration of the new Hep-C drugs, which adds approximately 1% of costs.
